

Office of the City Manager

August 19, 2013

Rohit Ranchod
California State Regional Center
12393 N.Hwy. 99
Lodi, CA 95240

Dear Rohit,

I wanted to congratulate you on your recent approval by USCIS as a Regional Center. The California State Regional Center will provide an important economic engine for the California Central Valley and beyond, by providing critical investment opportunities and the creation of jobs and prosperity for local communities.

The City of Galt has been very pleased with our partnership in the development of a downtown entertainment complex project that will serve as a stimulus for the continued vitality of our historic district. The Regional Center will undoubtedly play an important role in bringing this project to fruition. You and your partners have been highly professional and displayed a commitment to the project and the community that is greatly appreciated.

I look forward to our continued partnership and wish you success with the California State Regional Center.

Sincerely,

Jason Behrmann
City Manager
